

## Are you throwing a kiddies party soon?

---

Planning your kid's party should be loads of fun, with tangible excitement and anticipation... yes and fun for Mom as well!

**Home party or venue?** ... this one's a no-brainer.

You know that a Great Reputable Venue will provide a comprehensive service which includes:

- ✓ tables and chairs for adults and children,
- ✓ table cloths, crockery and cutlery as well as a drinks tub,
- ✓ a jumping castle and
- ✓ a whole host of entertainment to keep all the kids happy.

With hiring a venue you are also in control of your time - your guests arrive at a certain time and leave at a certain time, no lingering for hours after the party has ended.

When using one of our 4 venues, yes you are spoilt for choice, the kids' safety around your water feature or swimming pool is also not an issue. Just think you won't have to wonder where little Johnny disappeared to or if Abigail's dolls are still going to be in one piece after her brothers party. Imagine you don't have to put all your special items away!

Lastly you also don't have to do any spring cleaning before the party or afterwards and just put your feet up and relax afterwards, knowing that your party was a huge success... **Need I go on? ?**

# Consider the following when choosing a venue!

To ensure that the party at your chosen venue is a run-away success, consider the following:

We know that you want to impress your guests with the best so you should consider the following:

## 1. What do the facilities look like?

- Does the venue look appealing on first glance and is there a great atmosphere?
- Is the venue neat, clean and well maintained?
- Size, is the venue big enough to accommodate your group?
- Does it have a building that caters for all weather conditions? What do you do if it rains? Party Over?
- Does the venue have a generator in case of power failures and load shedding.
- Is the venue centrally situated with easy access on tarred roads?
- SHADE, SHADE, SHADE ..... Important, be sure there is loads of shade.
- Am I allowed to bring my own music if desired or is background music supplied?

## 2. Will I get what I pay for?

- Is it a new venue or has the venue been around for some time? How secure is your deposit?
- Is there an additional charge for extras? What are the extras?
- Hidden costs?

## 3. Is the place secure and safe?

- Will you have exclusive use of the venue?
- Is the playground safe, fenced and gated separate from the roads and parking area?
- Parking, is there safe secure parking on the premises or are your guests going to have to park outside?
- Is the venue wheel chair and pram friendly?
- Can you park in close proximity to the building for easy access?

#### 4. What are the catering arrangements?

- Does the facility provide catering supplies or are you allowed to bring in your own catering, alcohol and party supplies?
- What is included in the venue hire i.e. tables, chairs, table cloths, crockery, cutlery, kiddies entertainment, balloons, animal feeds etc. What will my extras cost and what's additional?

#### 5. Is staffing assistance provided and will the Kidz be entertained?

- Does the venue hire include assistance with cleaning and a continuous supply of clean crockery and cutlery?
  - Some of the most important things to consider when choosing a venue we believe is: ***Are there enough age appropriate activities to ensure the kids have the best time ever?***
- Kids should not be left to free play for hours at a stretch. Introducing new activities at intervals keeps them stimulated and excited for the next activity.
- Is their staff well trained and friendly and do they have experience in hosting functions.
- Are they giving you confidence that you will have a great function and happy visit with no stress!
- Will you get a free downloadable invitation?
  - Will the venue be prepared prior to your arrival?
- Is it owner managed and are the owners on site, and ready to assist you with any requests, requirements etc. It helps a lot with flexibility?
